As MGallery The Bodrum Hotel Yalikavak, we are a leading provider of management and hospitality services to venues and events. Our company is committed to maintaining our official Environmental Management System in accordance with the ISO 14001:2015 International Standard.

Comply with all applicable environmental laws and regulations and adopt appropriate liability standards in the absence of specific regulations.

We believe that all employees and service providers play an important role in achieving our environmental goals. Our company promotes respect for the environment and ensures that the service providers of our facilities appreciate and comply with the principles of our Environmental Management System.

Our Environmental Policy:

- To continuously improve our environmental management;
- Ensuring compliance with all relevant legislation and regulations;
- Establishing goals and objectives for the Environmental Management System, which will be reviewed regularly by management through department meetings and management system review meetings;
- Protecting the environment, including preventing pollution, using environmentally friendly products and technology, minimizing the use of non-reusable resources, including energy and drinking water, minimizing water, waste, developing viable recycling opportunities, and ensuring that appropriate transport and disposal methods are used;
- Develop and implement emergency response plans to minimize and address any environmental impacts;
- To continuously evaluate the environmental impacts of our activities;
- To understand the environmental aspects and impacts of our activities;
- Purchasing with consideration of waste avoidance and reduction of environmental impacts;
- Disseminating environmental information and reporting on environmental performance;
- Communicate the requirements of this policy to all employees and take steps to ensure they are understood; And
- Providing adequate resources for the implementation of this policy.

The Environmental Management System will be reviewed annually by management and audited to ensure it remains relevant to our operations and complies with any changes in legislation.

The General Manager and senior management fully approve this Policy and the official Environmental Management System.
