SUSTAINABLE DEVELOPMENT GOALS

ACCOR'S GLOBAL SUSTAINABILITY STRATEGY

MOVING TOWARDS A SUSTAINABLE HOSPITALITY MODEL
INTEGRATING SUSTAINABILITY INTO EVERYTHING WE DO

To achieve this ambitious goal, Accor Group has developed a new sustainability strategy guided by science, placing people and nature at its core, and supporting three fundamental pillars of hospitality.

Key Commitments of Accor's Sustainability Strategy

ACCOR'S 3 STRATEGIC PILLARS

Hospitality model that operates within the planetary boundaries, towards a more sustainable agricultural and food model, and towards more conscious ways of traveling and exploring. With GAIA 2.0, Accor Hotels aims to provide a positive hospitality experience. The Accor Hotels has been a committed group for many years, and has constantly worked to redefine boundaries.

1. ABOUT THE SUSTAINABILITY POLICY OF MGALLERY THE BODRUM HOTEL

At MGallery The Bodrum Hotel Yalıkavak, we are committed to continuously improving all hotel operations, our staff, and our resources in line with our sustainable tourism vision. Our purpose is to leave future generations with livable resources and to ensure the right to life for all living beings on our planet.

Our sustainability approach encompasses environmental, social, cultural, economic, quality, human rights, health, and safety dimensions. We are committed to sharing our practices transparently with all stakeholders. By presenting performance data through regular reports, we ensure that our progress can be monitored in a transparent manner.

2. INTRODUCTION TO THE FACILITY AND ITS FEATURES

Located on the stunning Küdür Peninsula in Yalıkavak, MGallery The Bodrum Hotel is just a few minutes away from Yalıkavak Marina. The hotel offers comfortable and stylish accommodations to suit every taste, ranging from Junior Suites to luxurious Executive Suites, as well as spacious Two-Bedroom Family Suites.

With its private beach, the hotel is ideal for couples, honeymooners, families, and travelers seeking tranquility. Facilities include an infinity pool, beachfront restaurants and bars, a spa, indoor pool, Turkish bath, fitness center, and massage services.

We place great importance on our efforts to showcase modern culture. Throughout various areas of our hotel, world-class artworks are exhibited, and our walls have been transformed into a gallery with carefully selected paintings. With this approach, we offer our guests an artistic experience while also contributing to the promotion of cultural values.

The fusion of traditional Mediterranean cuisine with local ingredients creates a true culinary delight. At the Beach House Restaurant and Pool Bar, you can enjoy exquisite cocktails and flavors while soaking up the sun throughout the day.
At Bohemy Yalıkavak, with its à la carte service, you will discover the hidden delights of Mediterranean cuisine during your stay.

All of our rooms are adorned with details that reflect the natural beauty of Bodrum. Every room is equipped with products designed to maximize sleep quality. The stylish, modern, and bohemian decor found throughout MGallery The Bodrum Hotel Yalıkavak is present in all of our rooms. Designed for comfort and an enjoyable stay, our rooms bring the breezes of the Aegean to life while maintaining the coziness of home.

3.QUALITY AND FOOD SAFETY

We oversee every step of the process, from food sourcing to consumption, ensuring safety while reducing costs and preventing waste. We prioritize local suppliers and fair trade, and by auditing our suppliers, we promote awareness of safe and responsible food practices.

To create spaces where both guests and staff feel safe, our hotel has been constructed in compliance with national and international regulations on environment, occupational health, building safety, and human rights, with regular inspections to ensure preventive measures. We deliver our services backed by our certified quality management systems.

4. ENVIRONMENTAL AND WASTE MANAGEMENT

ID number GK20794 Certificate issued 27 March 2026.

FEE

Green Key

CERTIFIED ESTABLISHMENT

MAVİ BAYRAK
2026

TÜRÇEV
TÜRKİYE ÇEVRE EĞİTİM VAKFI

MGallery The Bodrum Hotel Yalikavak

Burada bulunan plaj, deniz suyunun temizliği, donanım ve hizmetler, çevre yönetimi ve çevre eğitimi konularında Mavi Bayrak Kriterleri'ne göstermiş olduğu uygunluktan dolayı 2026* yılı için ULUSLARARASI MAVİ BAYRAK ÖDÜLÜ'nü almaya hak kazanmıştır.

The beach has been awarded a Blue Flag for the year 2026*, To attain THE BLUE FLAG, the beach operator fullfilled a number of criteria covering water and coast quality, environmental information and education, safety, services and facilities.

Almıla Kından Cebbari
Türkiye Çevre Eğitim Vakfı
Genel Müdürü

*Bu sertifika, kriterler yerine getirildiği sürece, 2027 Mayıs ayına kadar geçerlidir.
*This certificate is valid until 2027 May, as long as the criteria are fulfilled.

Blue Flag Environmental and Seawater Management Standard

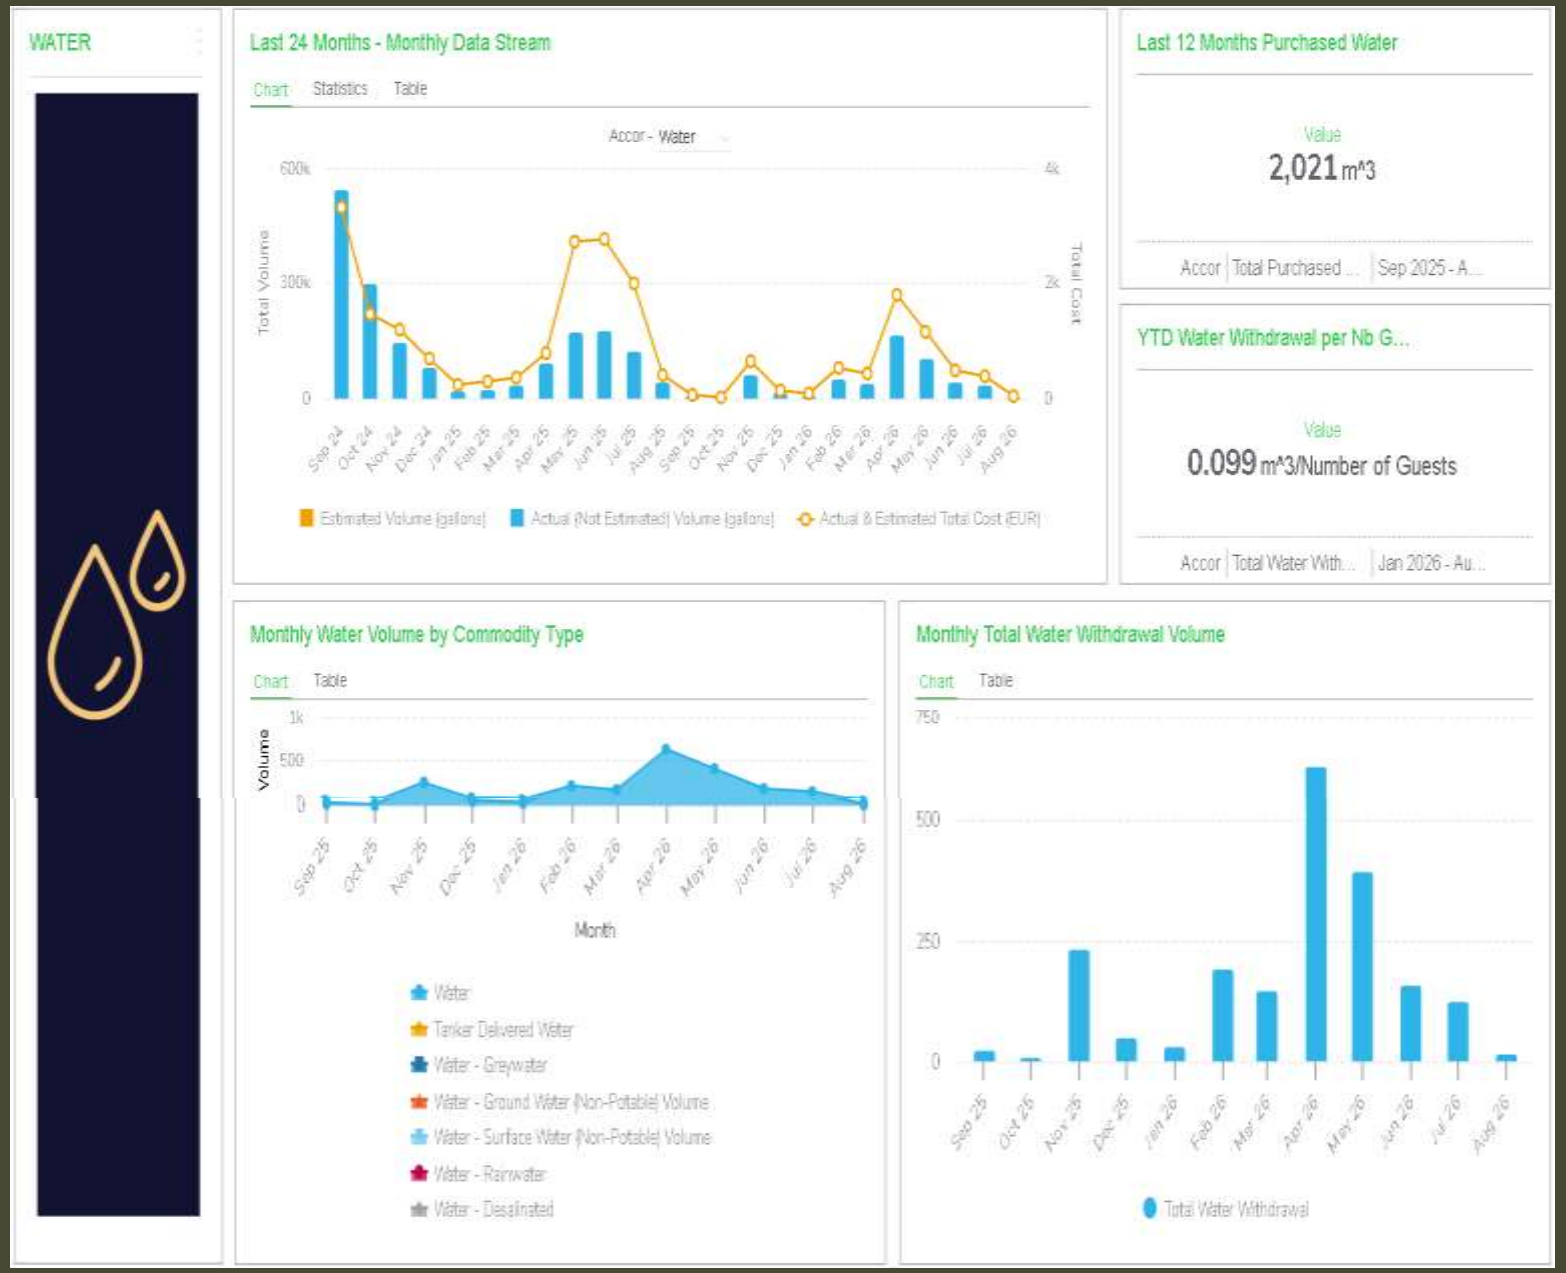

Our facility has been awarded the **Blue Flag Award for the 2026 Season** by fully meeting international criteria in seawater quality, environmental management, environmental education, and life safety.

To protect our coastal ecosystem and ensure the continuity of sustainable environmental standards, seawater analyses are periodically monitored; zero waste, wastewater management, and lifeguard safety protocols are meticulously implemented on our beach in accordance with TÜRÇEV / FEE standards.

❖ WATER MANAGEMENT

At MGallery The Bodrum Hotel Yalıkavak, we value water, our most important natural resource, and implement necessary conservation and control measures. The hotel largely converts seawater into usable water through an osmosis system.

We conduct daily, monthly, and yearly water consumption analyses using GAIA 2.0 (AccorHotels Sustainability & Technical Platform). These analyses allow us to monitor water usage both in total and per guest.

All faucets and urinals in our hotel are sensor-operated and designed for low water consumption. Water-saving systems are implemented in guest areas, staff areas, and guest rooms to reduce overall water usage.

Washbasin faucets: Maximum flow rate 4 liters/minute

Wall-mounted shower heads: Maximum flow rate 9 liters/minute

Kitchen, restaurant, and bar faucets: Flow rate 6–8 liters/minute

Landscape irrigation: Drip irrigation is used as the primary method

These measures ensure efficient water use and contribute to sustainable resource management.

To promote energy and water conservation, we inform our guests through digital catalogs and in-room cards about the water that would be used if sheets and towels were changed daily, encouraging more sustainable practices.

❖ ZERO PLASTIC MANAGEMENT

In line with our zero-plastic policy, single-use plastics are not permitted within MGallery The Bodrum Hotel Yalıkavak.

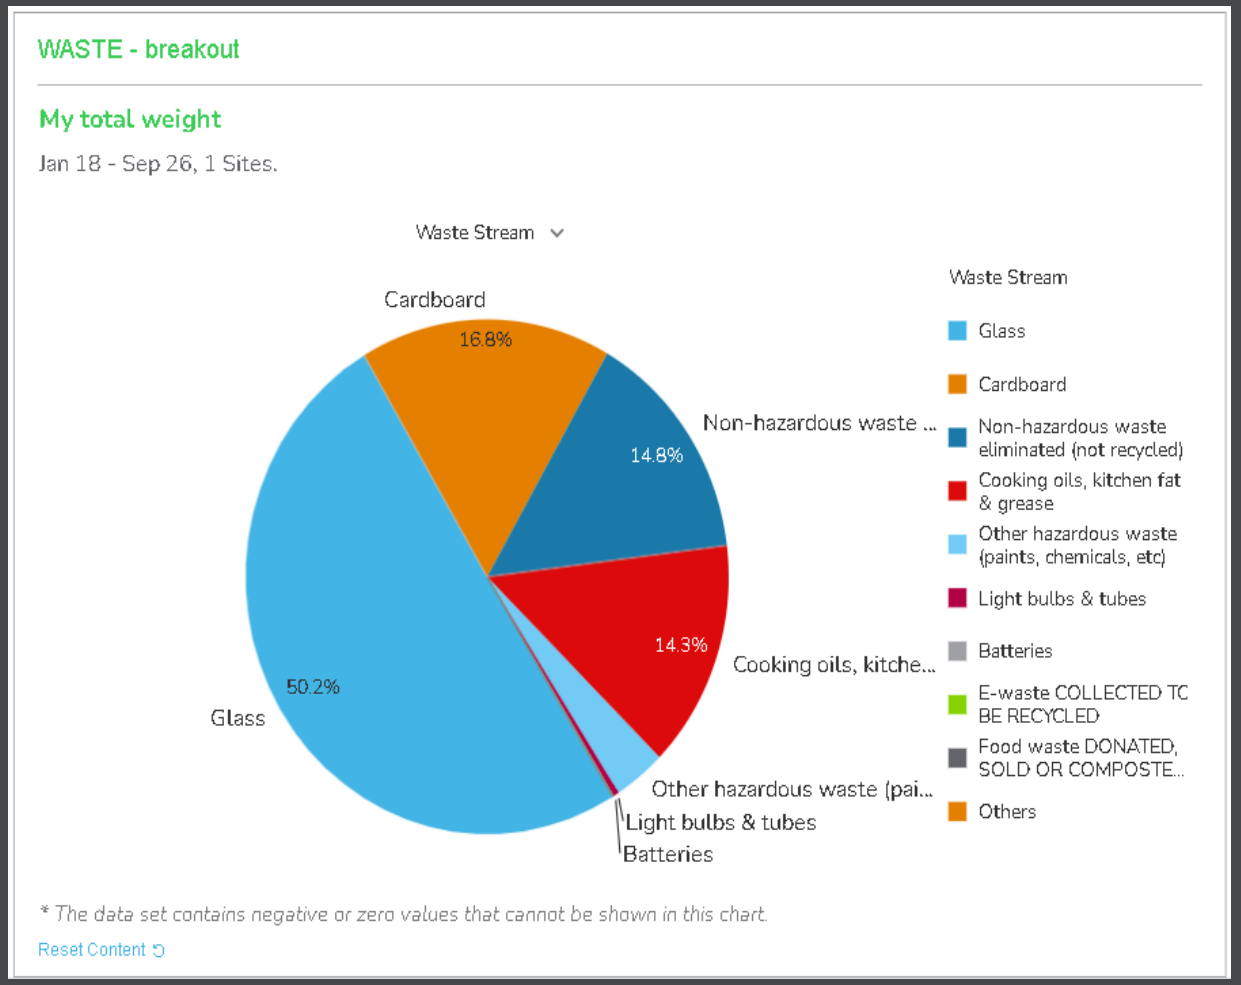

No bottled water is purchased, and all guest rooms are equipped with environmentally friendly toiletries.

❖ WASTE MANAGEMENT

All waste generated at our hotel is separated in accordance with relevant regulations and sent to licensed companies for recycling or disposal:

Vegetable Waste Oils: Waste oils from our kitchen are regularly collected and delivered to licensed companies.

Packaging Waste (plastic, glass, metal, paper): Collected separately at the source and sent for recycling.

Organic Waste: Organic waste from the kitchen and food & beverage areas is regularly disposed of.

Hazardous Waste: Batteries, fluorescent lamps, cleaning chemicals, and medical waste are collected in special containers and delivered to authorized companies.

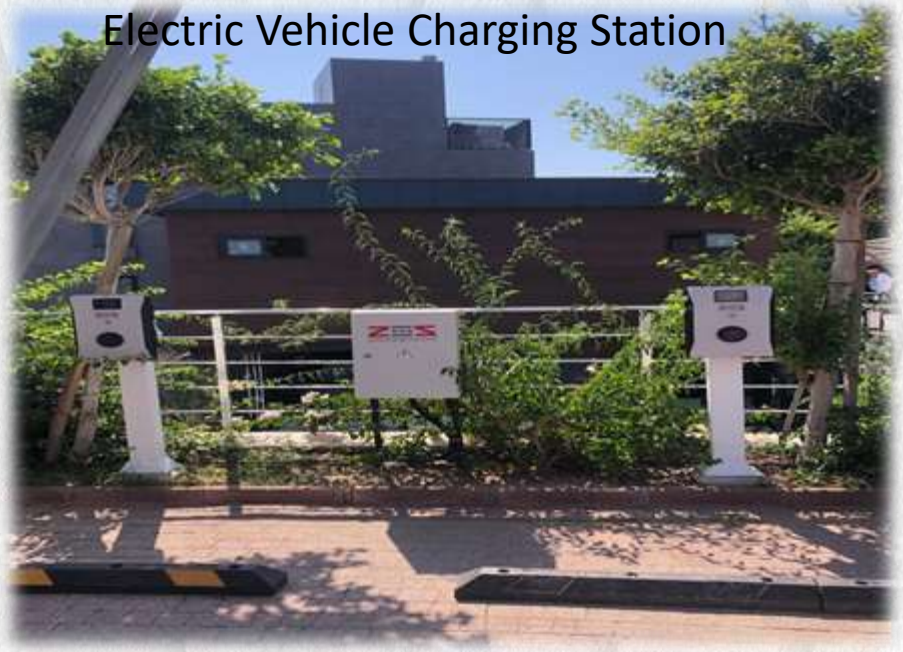

Electronic Waste: End-of-life devices and equipment are handed over to licensed recycling companies.

These processes are regularly monitored, and both our staff and guests are educated on proper waste separation practices.

5.ENERGY MANAGEMENT

To increase energy efficiency, our hotel uses top-level energy-saving systems. Energy consumption is regularly monitored daily, monthly, and yearly through the GAIA 2.0 system. In guest rooms, automatic energy shut-off systems and window/door sensors prevent unnecessary usage. Lighting in common areas is controlled by sensors and timers, and low-consumption LED lighting is used throughout the property. Additionally, all rooms are equipped with A-class energy-efficient televisions and minibar refrigerators.

Electric Vehicle Charging Station

Solar Energy System

Energy Management and Renewable Resources

We aim to reduce our energy consumption and the associated carbon emissions every year. Our energy efficiency efforts are continuously analyzed through regular maintenance, supervision, and monitoring. We plan our new investments with a focus on renewable energy sources.
In this context, solar panels have been installed in our parking areas, an electric vehicle charging station has been established, and the use of renewable energy has been increased through Solar Energy System (SES) projects. Our annual utilization rate of the Solar Energy System is 17,64%.

Air Conditioner Energy Saving Card

❖ GREENHOUSE GAS EMISSIONS

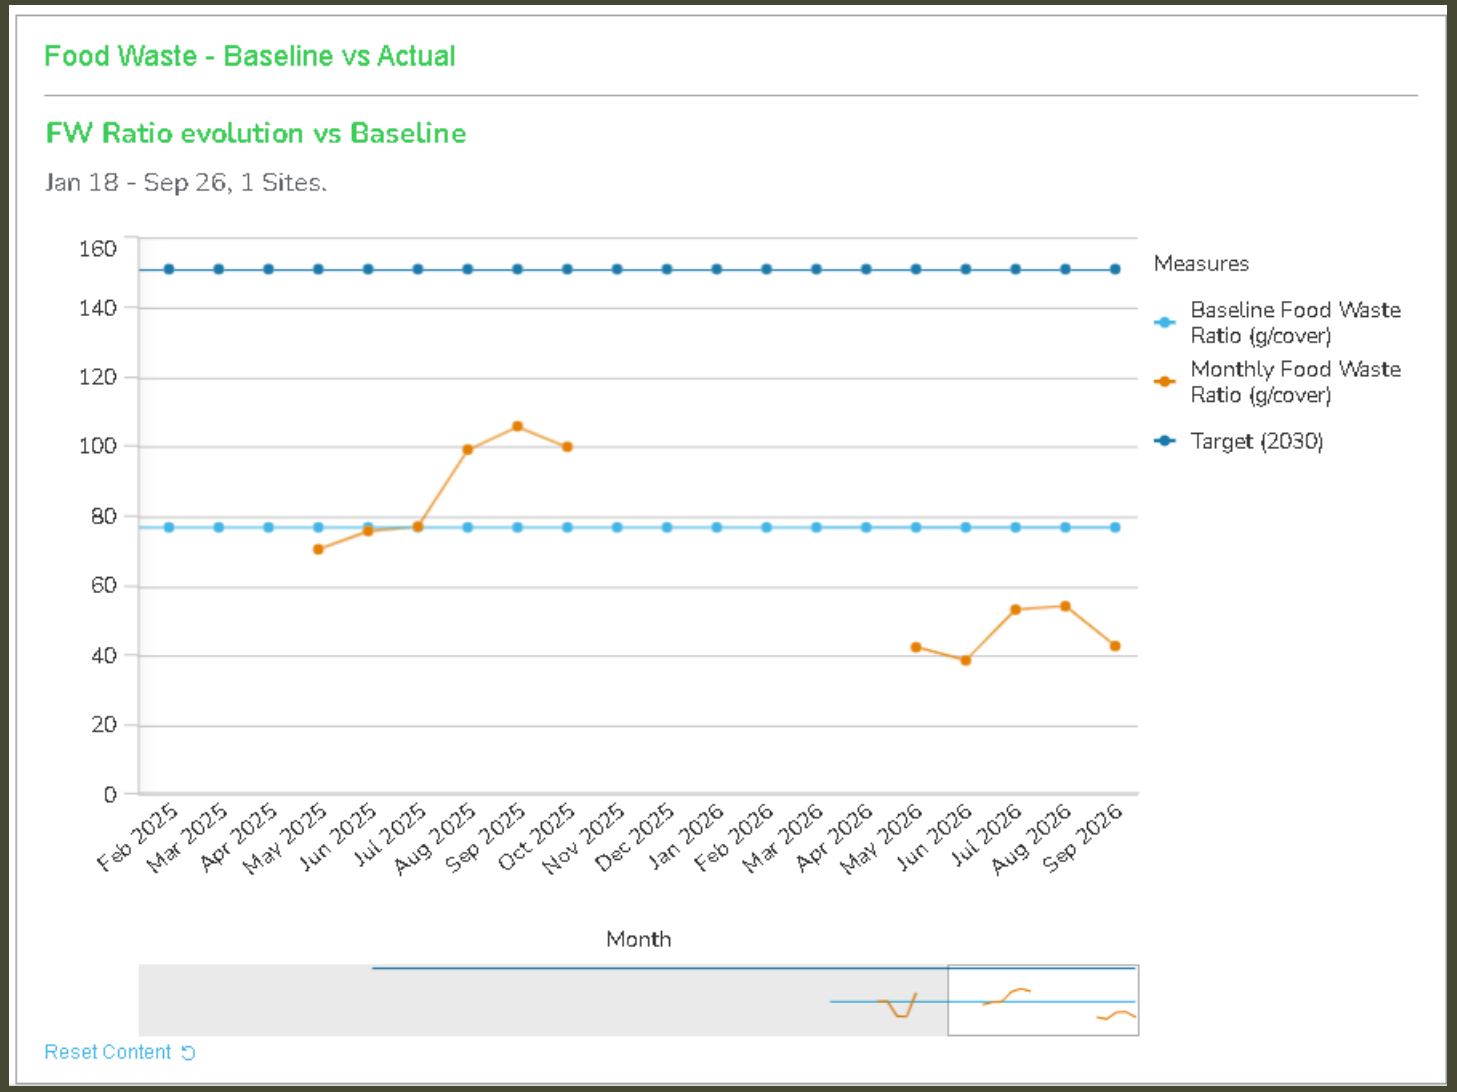

To reduce carbon dioxide (CO_2) emissions and mitigate climate change, we utilize renewable energy sources and support afforestation efforts by donating saplings to prevent deforestation.

Total Emissions:
841 metric tons CO_2-e

❖ FOOD MANAGEMENT

At **MGallery The Bodrum Hotel Yalıkavak**, we implement the necessary saving and control measures to minimize food waste.
Our hotel manually measures food waste and records monthly and annual food waste ratios through **GAIA (AccorHotels Sustainability & Technical Platform)**.

6.BIODIVERSITY

Biodiversity refers to the variety of plants, animals, fungi, and the ecological processes they are part of. The Bodrum region possesses rich biodiversity and is notable for its endemic and local species.

Some of the prominent species in the region include:

Plants: Bodrum tangerine, prickly pear, olive, lavender, thistle, glasswort, carob, nettle, snake's tongue, wild asparagus, gum rockrose.
Animals: Sole fish, red mullet, Mediterranean monk seal.

7. SOCIAL ACTIVITIES

CORPORATE SOCIAL RESPONSIBILITY (CSR) INITIATIVES

At **MGallery The Bodrum Hotel Yalıkavak**, we supported various non-governmental organizations and local initiatives throughout 2025, guided by our commitment to social responsibility.

Gender Equality: We hosted the **Gender Equality Office of Bodrum Municipality's Women and Family Services Directorate** and organized a training session in our meeting rooms.

Environment and Climate: In line with our goal to minimize carbon emissions, we donated 20 saplings to the **TEMA Foundation**.

Cultural Contribution: We supported **PEKSEM Theatre**, featuring performances by individuals with disabilities, by purchasing tickets.

Education Support: Chef aprons were provided to culinary students at **Mumcular Sitare Özkan Multi-Program Anatolian High School** for their participation in the International Gastro Bodrum Competition.

Local Community Collaboration: Bodrum Municipality Public Beach, located in the neighboring bay of our facility, was cleaned with the participation of our hotel team to remove waste washed ashore by waves following the winter season.

8. CHEMICAL MANAGEMENT

- We work with authorized companies for the safe disposal of chemical waste and monitor all processes.
- We ensure that the chemicals we use are approved, labeled, packaged appropriately, and accompanied by MSDS documents.
- Necessary precautions against leaks and spills are taken in our storage areas; storage is carried out according to manufacturer instructions and relevant regulations.
- To reduce environmental impact, we use dosing systems and prefer equipment that consumes less chemicals and water.
- Whenever possible, we use eco-friendly and Ecolabel-certified products.

9. **PURCHASING ACTIVITIES**

We aim to reduce delivery-related CO_2 emissions by sourcing our procurement processes as much as possible from **local suppliers**. In this way, we minimize the environmental impacts caused by vehicle use and energy consumption.
The fundamental principles of our procurement policy are as follows:
Prioritizing local suppliers
Supporting fair trade
Adopting environmentally conscious and efficient purchasing practices
Accordingly, we regularly update our sustainability criteria and share them transparently with our stakeholders.
As of 2026, **52% of our procurement is carried out through local suppliers.**

10. PERSONNEL AND WORKING LIFE

PEOPLE AT OUR HEART

Explore Our People-First Culture

Our approach is built on our Heartist® ethos, unlocking potential and driving excellence through our empowering mindset, continuous learning and growth, celebrating diversity in all its forms, and driving meaningful community impact

Our Heartist® Ethos

People-powered. Our people and culture strategy and our employer brand center around our shared community of purpose, our collective passion: we are Heartists®. Heart + artist: It's our culture and our mindset – our passion for hospitality infused with openness and valuing each person's individual and unique creativity. It's how we work, every day. Hospitality is a work of heart: Our employee promise showcases our pride in our industry and what it means to work in hospitality: the heartfelt care and sense of purpose in creating meaningful connections and authentic experiences. It's what makes us stand out as an attractive employer.

CAREER GROWTH & DEVELOPMENT

Unlocking potential: we value the contribution of every team member and support continuous learning and development. Our culture of empowerment creates strong teams that drive operational excellence.
Endless opportunities: our global brand portfolio offers employees diverse career paths and opportunities for growth.
Always learning: we support development through personalized training, leadership programs, mentoring, and the accor academy.
Recognizing achievement: our people-focused performance culture acknowledges each heartist®'s contribution and enhances workplace wellbeing.

OUR CULTURE OF INCLUSION

Empowering individuality: openness, curiosity, and inclusivity strengthen innovation and human connection. We embrace diversity and create an environment where everyone feels valued.
Gender equality: pay equity, representation in leadership, and combating discrimination.
Inclusion of people with disabilities: awareness, employment, and accessibility initiatives.
Cultural diversity: opportunities for local talent and strong connections with communities.
Lgbtqi+ inclusion: supporting rights and providing safe, welcoming environments.

COMMUNITY ENGAGEMENT

Acting with social responsibility: we contribute to the communities where we operate and support the development of everyone.
Housing and protection: our hotels provide safe spaces for those in need, and our solidarity fund combats poverty and social exclusion.
Social mobility: we empower individuals through open recruitment, education, and development opportunities.
Human rights: we protect vulnerable people and ensure fair and dignified working conditions.

COVE CLEANUP ENVIRONMENTAL EVENT HELD ON EARTH DAY

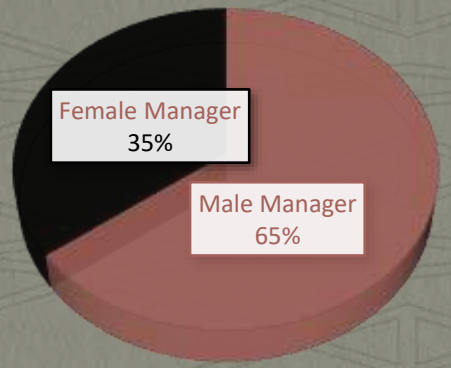

TOTAL EMPLOYEES MALE/FEMALE

TOTAL EMPLOYEES LOCAL/NON-LOCAL

MANAGERS FEMALE/MALE

In 2026, at our hotel with 200 employees, measuring satisfaction plays a crucial role in driving sustainable development.

11. CHILD ABUSE AND HARASSMENT PREVENTION

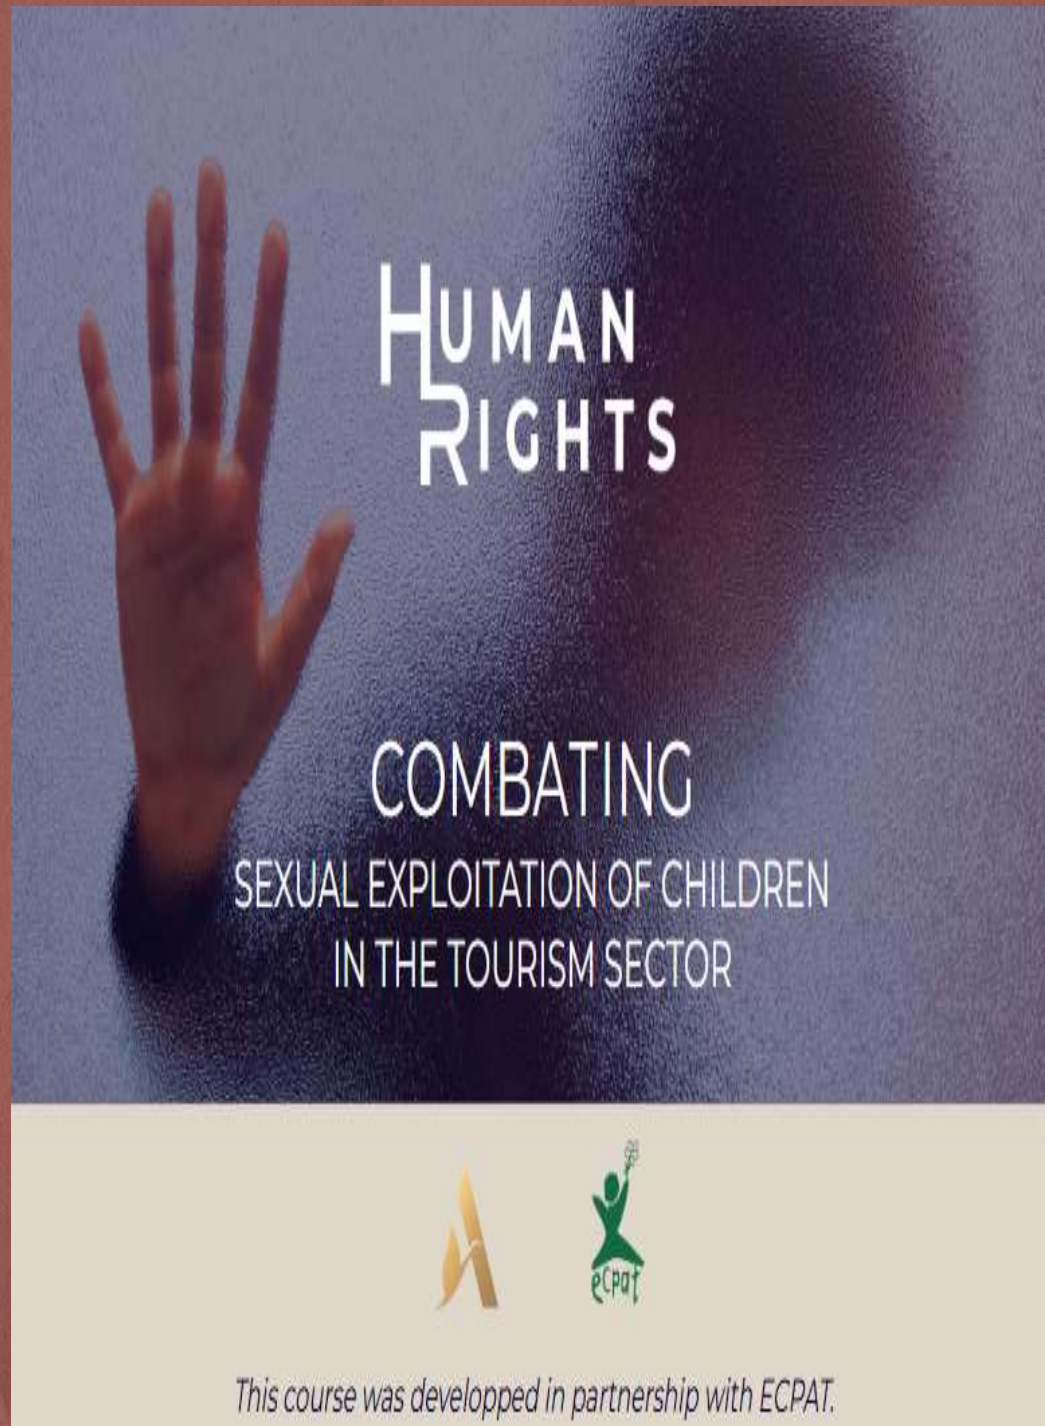

We believe that protecting children is everyone's responsibility. Ensuring child welfare and safeguarding children from any form of harm are among our top priorities. Protecting all children we are involved with from physical and psychological abuse is one of the most important duties of our hotel.

Our Practices

Training: All our team members receive regular training on the types of child abuse (physical, sexual, emotional abuse, and neglect), reporting processes, and our social responsibilities.

Child Labor: We do not employ underage staff (except those engaged for internships or vocational training purposes).

International Standards: Through Accor's INES system, all our employees have been trained under the WATCH program – *We Act Together for Children* – to combat the sexual exploitation of children in the tourism sector.

12. ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES

At our hotel, our accessible room and common areas are designed in line with legal accessibility criteria, providing barrier-free access to every point. In this way, we aim to ensure that our guests with restricted mobility can enjoy the best possible accommodation experience.

As part of our continuous improvement approach, we monitor opportunities for development in the field of accessibility and continue our efforts to deliver better services.

Current Practices

Special emergency team dedicated to supporting disadvantaged groups

Barrier-free access to the indoor pool via elevator

Swimming lounger suitable for use by guests with disabilities

2027 Target Plan

Installation of an elevator on the stairs leading to the beach for our guests with disabilities

13. PROMOTION OF CULTURAL HERITAGE

Respect for our history and culture is one of the most important values we will pass on to future generations. Due to rapid population growth, cities are facing significant transformations. It is anticipated that this process may lead to environmental and cultural losses, placing cultural heritage at risk. To address this, we contribute to informing all our employees and guests about the issue.

We introduce Bodrum’s historical and cultural sites to our guests through visuals accessible via a QR code system, ensuring easy and convenient access.

We aim to introduce our guests to the region’s culinary culture, geographically indicated products, activities, and traditions. In addition, we provide information to encourage visits to significant local sites, including religious, cultural, and natural landmarks. As part of this initiative, we also conduct regular training for our employees.

To support local promotion, our beach menu features regional specialties such as Bodrum Artichoke, Bodrum Çökertme Kebab, Bodrum Mantı, Bodrum Stuffed Zucchini Blossoms, and Bodrum Salad .We enhance the guest experience by offering Bodrum Mandarin Soda in guest rooms and include Bodrum Satsuma Mix in our cocktails to showcase local flavors.

Furthermore, we regularly share information about the surrounding cultural heritage through our info channels, ensuring that our guests can easily access and engage with it.

AKDENİZ KESİS FOKLARI

Bodrum'un berrak sularında yüzerken ya da sakin bir koyda dinlenirken, doğanın size küçük ama büyüleyici bir sürprizi olabilir: Akdeniz fokları!

Nesli tükenme tehlikesi altında olan bu sevimli canlılar, Yarımada'daki tenha koyları ve kayalık mağaraları doğal yaşam alanı olarak seçiyor.

Onları görmek nadir bir şans; sessizce izleyin ve bu özel anın tadını çıkarın. Çünkü böyle bir karşılaşma, Bodrum'un sunduğu en zarif hediyelerdendir

MEDDITERRANEAN MONK SEALS

While swimming in the crystal-clear waters of Bodrum or relaxing in a quiet cove, nature may offer you a small yet enchanting surprise: Mediterranean monk seals!

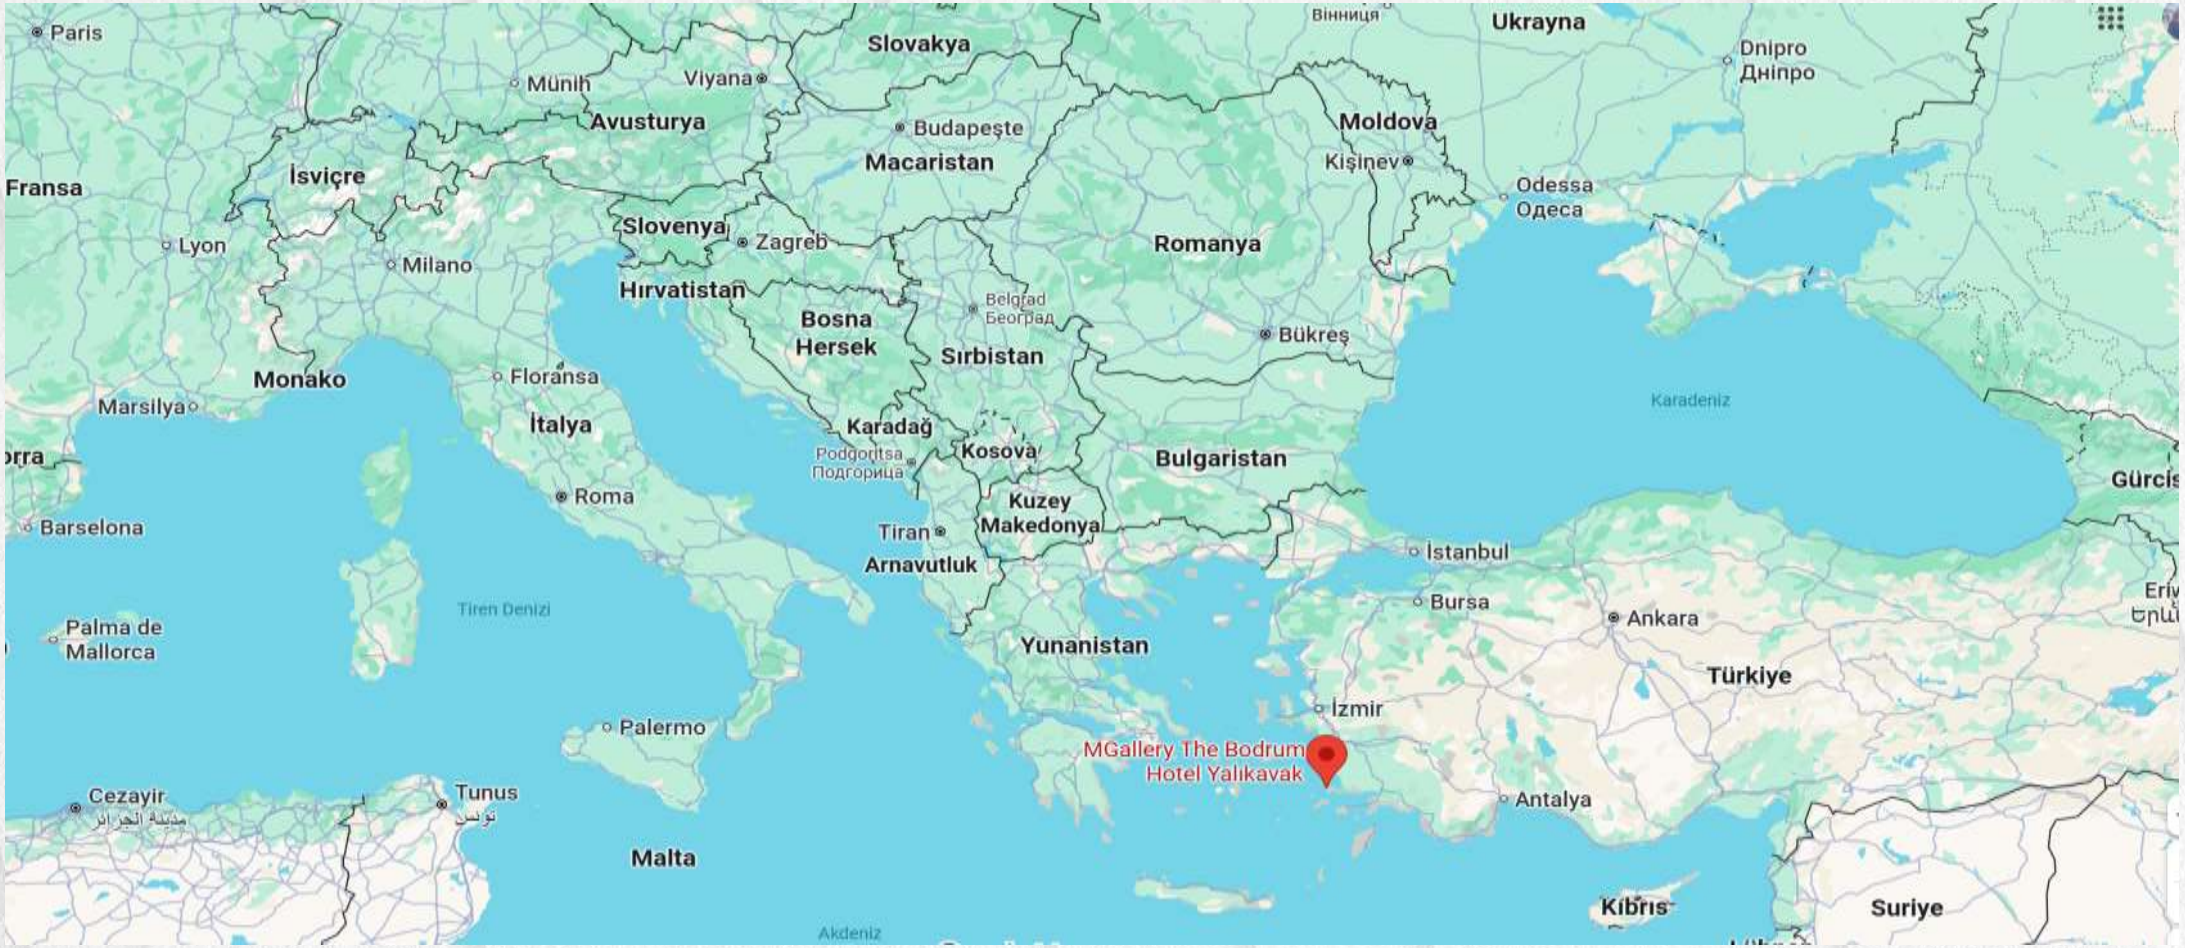

These adorable creatures, which are endangered, choose the secluded coves and rocky caves of the peninsula as their natural habitat.

Seeing them is a rare opportunity.Watch quietly and savor this special moment. Such an encounter is one of Bodrum's most elegant gifts.

Small gifts featuring the Mediterranean monk seal are presented to our guests to introduce them to the local culture.

HISTORICAL AND CULTURAL SITES OF BODRUM

Bodrum is located in the southwest of Turkey, very close to several Greek islands such as Kos and Kalimnos. These islands are even closer to Bodrum than to other Turkish cities; for example, Kos and Kalimnos are only 20 minutes away by the daily high-speed ferry service.

Bodrum was known as Halicarnassus in ancient Caria and was home to the Mausoleum of Mausolus, one of the Seven Wonders of the Ancient World. Bodrum, a region that has been continuously inhabited by humans for thousands of years, has a deep history and is important for historians due to its central or nearby location to many major civilizations and events.

The first settlement in Bodrum was established on the small rocky islet where St. Peter’s Castle stands today. The castle was built over the ruins of an older structure constructed by the Dorians around 1100 BCE.

Halicarnassus, known as a city from the 7th century BCE onwards, was one of the six members of the Hexapolis Dorian Confederation, alongside cities such as Knidos, Kos, and Rhodes. Herodotus, known as the "Father of History," was born in Halicarnassus in the 5th century BCE.

Bodrum is famous for its historical and natural beauties. It welcomes visitors with important landmarks such as Bodrum Castle, the Windmills, Bodrum Amphitheater, the Mausoleum of King Mausolus, Pedasa, Myndos Gate, Stratonikeia, and the Ottoman Shipyard and Tower. Additionally, the Bodrum Underwater Archaeology Museum is an important destination that sheds light on the region's history.

Bodrum’s charm is not limited to its historical and natural attractions. It also stands out with its entertainment options, luxury restaurants, nightclubs, shopping centers, and modern marinas. Especially, Yalıkavak Marina stands out as the center of modern and luxurious living.

BODRUM CASTLE

Built in 1402 by the Knights of St. John as **St. Peter's Castle**, the castle has also been used as an **Underwater Archaeology Museum** since 1960.
It is **20 km away from the hotel**.

BODRUM UNDERWATER ARCHAEOLOGY MUSEUM

Due to its rich underwater collection dating from the 14th century BC to the 16th century AD, the museum was renamed **Bodrum Underwater Archaeology Museum** in 1981. It is the **only underwater archaeology museum in Turkey** and one of the most important in the world. The Bodrum Underwater Museum received the **European Museum Special Commendation Award** in 1995.It is **20 km away from the hotel**.

MAUSOLEUM AT HALICARNASSUS

Built in 350 BC for Mausolus, the ruler of Caria, it is a grand tomb. Its marble structure was so magnificent and its decorative statues so striking that it became one of the **Seven Wonders of the Ancient World**. The term **“mausoleum”** has since been used to refer to any monumental tomb.It is **15 km away from the hotel**.

BODRUM ANCIENT THEATRE

It is the **only structure from classical-era Bodrum** that has survived to the present day. Located on the southern slopes of Göktepe Hill in the center of Bodrum, this theatre is one of the **oldest in Anatolia**. It was restored in the 1960s by a group of Turks, and its **most recent restoration** was carried out in cooperation with Bodrum Municipality, Ericsson, and Turkcell. Today, it **hosts many festivals in Bodrum**.It is **20 km away from the hotel**.

MYNDOS GATE

Built by King Mausolus, **Myndos Gate** is located between Bodrum city center and Gümbet. It is one of the most **important historical landmarks in Bodrum**. It is also known as the **gate that Alexander the Great could not pass**.It is **18 km away from the hotel**.

BARDAKÇI WINDMILLS

The windmills in Bodrum are considered a **symbol of the district**. The first windmills in Bodrum were built in the **1850s on the windy hills**.
They are **15 km away from the hotel**.

POINTS TO CONSIDER WHEN VISITING MUSEUMS, HISTORICAL SITES, AND RELIGIOUS OR CULTURAL PLACES

Museums are important places that **house objects and stories related to culture, art, nature, science, and technology**. The real objects exhibited in museums make learning more **engaging and exciting**, enabling a more effective educational experience. One of the most important roles of museums is to **educate and inform people**.

Rules to Follow in Museums:

- **Follow staff instructions:** Always obey the directions of museum personnel and adhere to the visitor rules displayed inside the museum.
- **Entrance requirements:** Present your **ID or museum card** if required and ensure you have a valid ticket for entry.
- **Maintain silence:** Speaking loudly or making noise inside the museum is prohibited.
- **Respect the exhibits:** Do not touch the displayed items or their pedestals, do not write on them, and avoid causing any damage. *(This rule also applies to open-air museums and archaeological sites.)*
- **Photography rules:** Follow the instructions regarding photography as indicated by the museum.

_____

Additional Guidelines for Visiting Museums and Religious Sites

- **Photography:** Follow the museum's instructions regarding photography, such as whether flash is allowed or not.
- **Listening and Asking Questions:** Pay close attention to explanations and ask your guide or, if available, museum educators about anything you are curious about. Thank the staff who provide information.
- **No Food or Drink:** Do not bring food or beverages into the museum or site.
- **Keep the Area Clean:** Do not litter.
- **Stay with Your Group:** On guided tours, do not leave the group. If you get separated, ask staff for assistance at the information desk.
- **Considerate Behavior:** Avoid actions that may disturb other visitors.

Guidelines for Religious Tourism (Visiting Mosques, Churches, Synagogues, etc.):

- Follow the **religious and cultural rules** of the place with respect and tolerance.
- Pay attention to instructions from entry staff.
- Wear appropriate clothing if required.
- Do not disturb worshippers; remain **quiet and respectful**.
- Do not bring food or drinks and avoid littering.
- These rules help ensure a **safe, respectful, and enjoyable visit** for everyone.

RULES TO FOLLOW WHEN ENTERING NATURAL AREAS

- **Follow Staff Instructions:** Carefully adhere to all information and warnings provided by staff when entering natural areas. This is important for your **safety** and for the **protection of wildlife**.
- **Fire Safety:** Do not light fires in wooded or grassy areas. Fires are only allowed in **designated camping or picnic areas**, and must be controlled and safe.
- **Waste Management:**
  Dispose of all trash in **bins**.
  Do not leave **glass, plastic, metal, or cigarette butts** in nature.
  Use recycling facilities and **separate waste** when possible.
- **Avoid Restricted Areas:** Strictly obey signs such as **“Do Not Enter”** or **“Swimming Prohibited”** to protect both your safety and sensitive ecosystems.
- **Protect Plants and Animals:**
  Do not harm the habitats of plants and animals.
  Avoid picking wild plants or feeding/disturbing animals.
- **Protect Natural Resources:**
  Do not pollute water sources, lakes, or streams.
  Avoid actions that cause **soil erosion** or damage the environment.
